## Summary

Full stack Web Developer with a passion for problem solving and creativity. Self-driven because of the love of Web Development and what I can do with it in the future. Known among employers as responsible & able to work through problems. Developed great teamwork and leadership abilities at my current job. My technical skills lie on not just creating functional, maintainable, and responsive experiences on the front end with frameworks and preprocessors such as React, but with servers, database structures, and APIs on the back end. With these traits & skills with my natural desire to learn & grow, I'll be valuable to any company.

## Technical Skills

JavaScript, React, HTML, CSS, Node, Express, MongoDB, MySQL, GitHub, Bootstrap, Handlebars.js, APIs, Responsive Web Design

## Projects

**Meal Plan** | <https://kembo001.github.io/mealPlan/> | <https://github.com/kembo001/mealPlan.git>

The objective of this project was to create a website that has an interactive front-end application. As a group, we decided to create a meal planning website using Spoonacular as our third-party API

→ Tools: HTML, CSS, JavaScript, API's

**Employee Tracker** | <https://github.com/kembo001/employeeTracker.git>

In this application, I created an application where a company can view their employee's database using Node.js, Inquirer and MySQL.

→ Tools: Node.js, MySQL, Express

**Fitness Tracker** | <https://github.com/kembo001/fitnessTracker> | github link

In this application, I created a workout tracker. It creates and tracks your daily workouts. You'll be able to log each workout you have done and the name, type, weight, sets, reps and duration of the workout will pop up.

→ Tools: MongoDB, Mongoose, HTML, CSS, JavaScript

## Experience

**Dietary aide at Arbor Lakes Senior Living - Maple Grove, MN** (March 2017)

Provided support to clients nutrition at an assisted living. Multitasking was involved including setting tables, preparing & delivering food and clean up work. Developed great communication skills working with different clients and co-workers.

## Education

**Associates of Science:** Minneapolis Community and Technical College, Minneapolis, MN

**Bootcamp Certificate:** University of Minnesota, Minneapolis, MN

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
